FINE HARDWOODS
Traditional Craftsmanship. Timeless Style.

Mouldings • Interior Doors • Stair Parts • Flooring

America's Source
for
FINE HARDWOOD PRODUCTS

*B*aird Brothers would like to introduce ourselves to those who are not familiar with our operation.

In 1960, three brothers and a sister started the business. Today Baird Brothers is truly a family business as the children have followed in their footsteps and are active in the business as well. Baird Brothers continues to grow in size each year to meet our customers demands.

We manufacture and retail high quality hardwood products; including mouldings, handrails, stair parts, T & G flooring and paneling, S4S lumber and many other products. Most of the mouldings listed in our catalog are carried in stock and are available in oak, poplar, maple, ash, cherry, hickory and walnut. If you have a special profile, we are also capable of milling your custom profile.

Baird Brothers also stocks and prehangs all types of species of interior doors including solid hardwood doors manufactured at our facility.

Over the past 50 plus years, many aspects of the hardwood lumber business have changed. However, some things never change. The quality of our hardwood products and the knowledgeable service we expect our staff to give to our valued customers. These are two basic principles in which this company is built on.

BAIRD BROTHERS ALSO OFFERS THE FOLLOWING SERVICES AT NO EXTRA COST:

Free estimate in the field or from your blueprint.

Delivery is available, however a charge could be accessed depending on size of order and location.

Please feel free to call us at 1-800-732-1697, shop our website at www.bairdbrothers.com, or visit our showroom at 7060 Croy Road, Canfield, Ohio.

Thank You,
Baird Brothers Sawmill, Inc.

POLICIES

GENERAL WARRANTY

1. All items are stocked in Select Hardwoods. Natural color variation and mineral stains may occur.
2. Defects in material or workmanship must be reported upon receipt and prior to installation! Wood products must be maintained under stable temperature and humidity conditions to remain under warranty. Prompt and proper sealing and finishing is essential to maintain wood stability.
3. Replacement requests are subject to Baird Brothers Sawmill, Inc. inspection and approval.
4. Our liability shall not exceed the replacement cost of our product.

LIMITED WARRANTY

Baird Brothers Sawmill, Inc. products are warranted to be free from defects in material and workmanship for a limited period of 30 days from the date of shipment. If products are found to be defective by manufacturer, they will be exchanged or credited to the customer's account at his/her option. No merchandise shall be returned without approval of Baird Brothers Sawmill, Inc. Manufacturer shall not be responsible for the improper use or misuse of its products and no other warranties or responsibilities for safety or performance are either expressed or implied. A complete limited 30-day warranty statement is available to consumers in compliance with the Magnuson-Moss Warranty Act of 1975.

NOTE: ALL OF BAIRD BROTHERS SAWMILL, INC. PRODUCTS INCLUDING MOULDINGS, FLOORING, DOORS, AND STAIR PARTS ARE FOR INTERIOR USE AND INSTALLATION ONLY.

RETURN POLICY

1. Shipping charges are NOT refundable. The customer is responsible for shipping costs when receiving and returning the item(s). When returning items for credit, we recommend using a service such as FedEx or UPS so that the package(s) are traceable.
2. Prefinished products, special order items, custom products, and pre-hung door units are NOT returnable.
3. Return of products must be accompanied with a proof of purchase. No damaged, soiled, stained/finished, cut, or otherwise altered items will be accepted.
4. All returns are subject to a restocking/handling charge of 15%. Goods are NOT returnable after 60 days from the date of receiving material.

TERMS OF SALE

1. Orders not on account must be paid in full when placed.
2. Special Orders require payment in full and are non-returnable. Please allow 2-3 weeks for completion of special orders. (Special patterns may be over-run 10%) Additional shipping charges could apply on special orders.
3. Orders with 10 or more pieces the same length of a product are subject to an additional 15% for that item.
4. No Baird Brothers truck C.O.D. deliveries.
5. Do **Not** expose finish-grade wood products to rain/snow while loading or unloading. Water spots will show up after job-site finishing.
6. Do **Not** subject material to extremely high, low, or fluctuating humidity. Relative humidity of 20 - 60% is ideal.
7. Wet concrete, plaster, and drywall can transmit moisture to unfinished wood products. These can all cause swelling, joint separation, twisting, cupping, or warping of wood products.
8. Do **Not** expose unfinished wood products to excessive heat, dryness, or sudden temperature changes (such as firing up the furnace). These can all cause twisting, cupping, or warping as well.
9. Non-standard items are not subject to return or cancellation if purchasing and/or production have been initialized.

SHIPPING

- GROUND SHIPPING
(small orders 8' and shorter in length)
 - FedEx Home Delivery, FedEx Ground (business addresses), FedEx Express Saver, UPS Ground, and UPS 3 Day Select orders normally ship in 1 to 2 business day. FedEx Overnight, FedEx 2 Day, UPS Next Day Air, and UPS 2nd Day Air orders will ship the same day if placed before 2:00 p.m. EST.
 - Shipping and handling charges are not refundable. All returns must be in resalable condition.
- BAIRD BROTHERS DELIVERY TRUCK (large orders or material over 8' in length within a 100 mile radius)
 - Our driver will not carry material into the house.
 - Material will be delivered to the garage only, and our driver must have safe and clear access to back box truck to the garage for unloading.
 - We recommend but do not require anyone to be at the job site to accept material, as long as the garage is unlocked and accessible. If the garage is locked, please give us the location of a key and/or lockbox combination so your material is not left outside or returned.
 - If the driveway was recently poured then we require someone to be there to carry the material from the street.
 - All material to be returned should be placed in the garage and labeled "Baird Brothers return". We will not carry return materials out of the house.
 - NO C.O.D. deliveries
- COMMON CARRIER FREIGHT TRUCK (large orders or materials over 8' in length outside of our 100 mile radius)

The following should be considered when receiving a Freight Delivery:

- Truck drivers are subject to a number of regulations, one of which is that they are not required to give assistance unloading. Please be prepared for this "curbside" delivery, as you are responsible for unloading the item(s) and placing them in your shop or home.
- Some terminals have other delivery services available, such as lift gate service, for an additional cost. These services vary from terminal to terminal, so remember to ask the trucking company when they call to make delivery arrangements. You are responsible for these additional costs.
- **SHIPPING DAMAGE:** We have great service from the trucking companies we deal with, however, sometimes shipping damage can occur. It is extremely important to inspect and note any damage that might be suspect on the Bill of Lading (BOL) when signing for the shipment. Damage to the packaging container or material if it has become exposed should be noted on the form the driver gives you to sign accepting delivery. These notations will allow us to make a claim for shipping damage on your behalf. Failure to do so makes it extremely difficult to make a claim. If there is shipping damage and you have noted it on the delivery form, call us at 1-800-732-1697, and we will help you get the problem resolved.
- PRE-HUNG DOUBLE DOORS THAT ARE SHIPPED BY FREIGHT TRUCK ARE KNOCKED-DOWN
- PRIVACY POLICY

Baird Brothers Sawmill, Inc. is committed to protecting your privacy and will not use unethical promotional methods. Customer data that is collected is used to contact the customer to resolve disputes, answer questions, subscribe to our email newsletter, or provide additional information that the customer originally requested from the company. Baird Brothers Sawmill, Inc. does not sell, or rent, its customer information to third parties.

Prices Are Subject To Change Without Notice. NO Warranty on Satin Flooring Finish.

RESIDENTIAL PREFINISHED PRODUCT LIMITED WARRANTY

A. WARRANTY AGAINST MANUFACTURING/GRADE DEFECTS

We warrant to the original purchaser of our Prefinished Hardwood Floors purchased after September 1, 2006 against any defects caused during manufacturing. This warranty includes manufacturing defects caused during milling, grading, staining and finish coating. Our flooring is manufactured in accordance with accepted industry standards, which permit a grade/manufacturing defect tolerance not to exceed 5%. It is the responsibility of the installer/homeowner to inspect each plank prior to installation to identify manufacturing or grade defects. Once a board has been installed, it is deemed to have been accepted, and all claims based on manufacturing or grade defects are waived.

Should an individual board be in question as to grade, manufacture or finish, and if the installer is not able to relocate it unseen or cut off the defective portion, the installer should not use that board. If he/she does, our liability is limited to replacement of defective material only in excess of 5% (excluding the cutting allowance).

Natural wood characteristics, such as knots, cracks, color variation, etc. are considered normal grade characteristics and are not considered defects. Minor variations in plank thickness do occur and are normal between planks, and are not considered defects.

We do not warrant against minor differences between color samples and the color of installed floors.

B. WARRANTY AGAINST FINISH WEAR-THROUGH

We warrant to the original purchaser of our Prefinished Hardwood Floors that the surface finish UV coated urethane will not wear through for a full 25 years from the date of purchase, when used under normal residential traffic conditions and use, and as long as you follow all the preventative and regular maintenance instructions provided with your product.

This warranty does not cover indentations, scratches and naturally occurring wood fiber discoloration. This warranty does not cover damages caused by spills, accidents, negligence, misuse, abuse, water, sand or other extreme environmental conditions. Gloss reduction or loss of sheen are not considered wear through and are not covered under the prefinished product warranty. Discoloration due to exposure to sunlight or other environmental conditions is not considered wear through, and is not covered by our warranty.

This warranty does not cover any damage that results from the accidental or intentional penetration of the finish. Nor does the warranty cover damage caused by shoes in need of repair, sports equipment, furniture, cleaning equipment, sudden impact by hard objects, pet claws, use of abrasive cleaners, or abrasion by any object such as sand or pebbles. Scratches that appear after installation are considered to be normal wear. Sanding or "screening" the finish will void this warranty.

This warranty does not cover damage caused by moisture penetration, flooding, leaky plumbing, overflowed tubs or sinks, washing machines, dishwashers, or any similar damage.

Caring for your Prefinished Hardwood Floor. Abrasive products, natural or manmade, will damage your floor. Dry mop your floor regularly to remove loose dirt or before it can scratch your floor. Wipe up spills as quickly as possible. Never wet mop your hardwood floor. Use non-abrasive cleaners that do not contain oils, waxes or phosphates. Your hardwood dealer or installer can suggest products available in your local area. Protective pads should be used between the bottom of furniture and the floor. Entry mats at doorways should be used to catch dirt before being tracked on the floor.

Radiant Heat Systems. Installation over radiant heat will void this warranty.

C. GENERAL INFORMATION

The limited warranties described above apply only to our Prefinished Hardwood Floor products and are given to the original residential purchaser only. These warranties do not extend to commercial purchasers or commercial uses. These warranties are not transferable.

TRANSPORTATION AND STORAGE: The product must be transported and stored in a dry environment. No exposure to moisture of any type should be permitted. Do not store on concrete surfaces.

INSTALLATION: This warranty is void if a sub-floor other than 5/8" thick or greater performance rated plywood, or 3/4" thick or greater performance rated OSB is used. NOFMA approved staples or nails must be used and placed not more than 5" on center. Prior to installation, the owner/installer must determine that the job site and all sub-surfaces meet all requirements specified in the installation instructions. Your installer should follow the installation guidelines set forth by N.O.F.M.A. and the N.W.F.A. These are industry standards and are available by calling 1-800-422-4556. These standards include, but are not limited to: moisture content must be tested on both the product and subfloor prior to installation. The use of touch-up pen or filler stick for correction during installation should be accepted as normal procedure. When our Prefinished Hardwood

Floor is ordered, not less than 5% must be added to the actual square footage needed as allowance for cutting waste. We disclaim all responsibility for judgment errors and/or for poor installation quality of its product. We will not pay any installation or labor costs.

INFESTATION: This warranty does not cover damage due to insect infestation after the product has left the factory.

D. CLAIM PROCEDURE

To file a claim, the original residential purchaser should first contact Baird Brothers Sawmill, Inc. ("Manufacturer"). Claims must be filed within the warranty coverage period, and your purchase receipt, verifying date of purchase, and purchase price will be required. We reserve the right to have our designated representative inspect the floors and remove samples for technical analysis.

EXCLUSIVE REMEDIES: If any portion of our Prefinished Hardwood Floors should fail with respect to the warranty of manufacturing/grade defect we will replace the defective boards at our sole cost and expense. If any portion of our Prefinished Hardwood Floors should fail with respect to the warranty of wear-through, we will, at our sole option, within a reasonable time of receipt of actual notice and verification of your claim, repair, replace or refinish that only portion of the floor which has failed to perform consistently within the terms of this limited warranty, with the same product or another product of equal value, or will refund the purchase price of the affected portion of prefinished product.

THIS IS THE SOLE AND EXCLUSIVE REMEDY TO THE PURCHASER AND SOLE OBLIGATION AND LIABILITY OF THE MANUFACTURER. MANUFACTURER HEREBY EXCLUDES AND WILL NOT PAY ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES. MANUFACTURER ASSUMES NO LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

SOME STATES DO NOT ALLOW THE EXCLUSIONS OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION MAY NOT APPLY TO YOU.

E. WARRANTY DISCLAIMERS AND EXCLUSIONS

PREFINISHED PRODUCT WARRANTIES EXCLUSIONS: OUR LIMITED WARRANTIES DO NOT COVER WEAR THROUGH RESULTING FROM FAILURE TO FOLLOW ALL MANUFACTURER'S SPECIFIC WRITTEN INSPECTION, INSTALLATION, OR MAINTENANCE INSTRUCTIONS, IMPROPER MAINTENANCE, INSUFFICIENT PROTECTION, MISUSE OR IMPROPER ALTERATIONS OF THE ORIGINAL MANUFACTURED PRODUCT, INDENTATIONS, SCRATCHES OR DAMAGE, INCLUDING, BUT NOT LIMITED TO, STAINS CAUSED BY MISUSE, ABNORMAL USE, NEGLIGENCE, VACUUM CLEANERS AND OTHER MECHANICAL CLEANING EQUIPMENT, NEGLIGENCE, FIRE, WATER, LIGHT EXPOSURE, MOISTURE, EXCESSIVE HEAT OR EXCESSIVE DRYNESS, SHAKE DUE TO ALTERATION OF PRODUCT OR DUE TO HUMIDITY, EROSION, PEBBLES, SAND, DIRT OR OTHER ABRASIVES, PETS, INSECTS, SPIKED HEEL SHOES, WEATHER CONDITIONS OR NATURAL DISASTERS. COLOR VARIATIONS, NATURALLY OCCURRING WOOD CHARACTERISTICS, WATER AND/OR MOISTURE, INCLUDING, BUT NOT LIMITED TO DAMAGE RESULTING FROM BROKEN OR LEAKY PIPES, WET MOPPING, OR WEATHER CONDITIONS OR NATURAL DISASTERS OR INSUFFICIENT PROTECTION. OUR WARRANTIES DO NOT COVER NATURAL EXPANSION AND CONTRACTION RESULTING IN SEPARATION BETWEEN BOARDS, OR DAMAGE CAUSED BY HUMIDITY OR SUNLIGHT.

THE MANUFACTURER EXCLUDES ALL WARRANTIES IMPLIED BY LAW OR IMPLIED BY FACT WHICH ARE NOT EXPRESSLY SET FORTH ON THE FACE OF THIS DOCUMENT. IF ANY IMPLIED WARRANTY ARISES UNDER STATE LAW, ANY SUCH IMPLIED WARRANTY IS LIMITED IN DURATION FOR THE PERIOD OF THIS WRITTEN WARRANTY, TO THE EXTENT ALLOWED BY LAW. SOME STATES DO NOT ALLOW LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

THE MANUFACTURER EXCLUDES AND WILL NOT PAY ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES TO THE EXTENT PROVIDED BY LAW. WE ASSUME NO LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. HOWEVER, SOME STATES DO NOT ALLOW THE EXCLUSIONS OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION MAY NOT APPLY TO YOU.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE.

THIS WRITING IS THE COMPLETE AND EXCLUSIVE STATEMENT OF THE EXPRESS WARRANTIES PROVIDED HEREIN AND IS IN LIEU OF ALL OTHER EXPRESS AND/OR STATUTORY WARRANTIES BY THE MANUFACTURER. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE EXCEPT THE EXPRESS WARRANTIES ON THE FACE OF THIS DOCUMENT.

INTERIOR DOOR WARRANTY

1. One year limited warranty on manufacturing defects.
2. Baird Brothers Sawmill, Inc. responsibility under this warranty is limited to repairing or at our option replacing any product found to be defective due to manufacturing or material defects.
3. Baird Brothers Sawmill, Inc. liability shall not exceed the replacement cost of our product.
WE WILL NOT PAY FOR LABOR OR FINISHING CHARGES TO REPLACE ANY PRODUCT THAT IS DEFECTIVE.
4. Natural variations in the wood color or grain pattern are not considered defects.
5. Doors must be sealed all "SIX" sides or any warranty claims will be voided.
6. Alteration of the Door in any way (Cutting the top or sides down) Voids any warranty.
7. Door slabs should be stored flat and sealed as soon as possible.
8. Panel shrinkage is normal and is not a defect.
9. Baird Brothers doors are INTERIOR and should NOT be use in any exterior application.
10. Warpage problems usually are due to the conditions in the home and a heating and cooling season will eliminate them. If high humidity is present you will need to run a dehumidifier.
11. Warpage of 1/4" or less across any plane is an industry standard and is not considered a defect.
12. We reserve the right to change prices and make design modifications without notice.

IMPORTANT NOTICES

- PRE-HUNG DOUBLE DOORS THAT ARE SHIPPED BY COMMON CARRIER FREIGHT TRUCK ARE KNOCKED-DOWN
- Any door that is reduced in height or width or reduced in height or width in the field voids all manufacturers' warranties regardless of how the finish is applied and cannot be returned for credit.

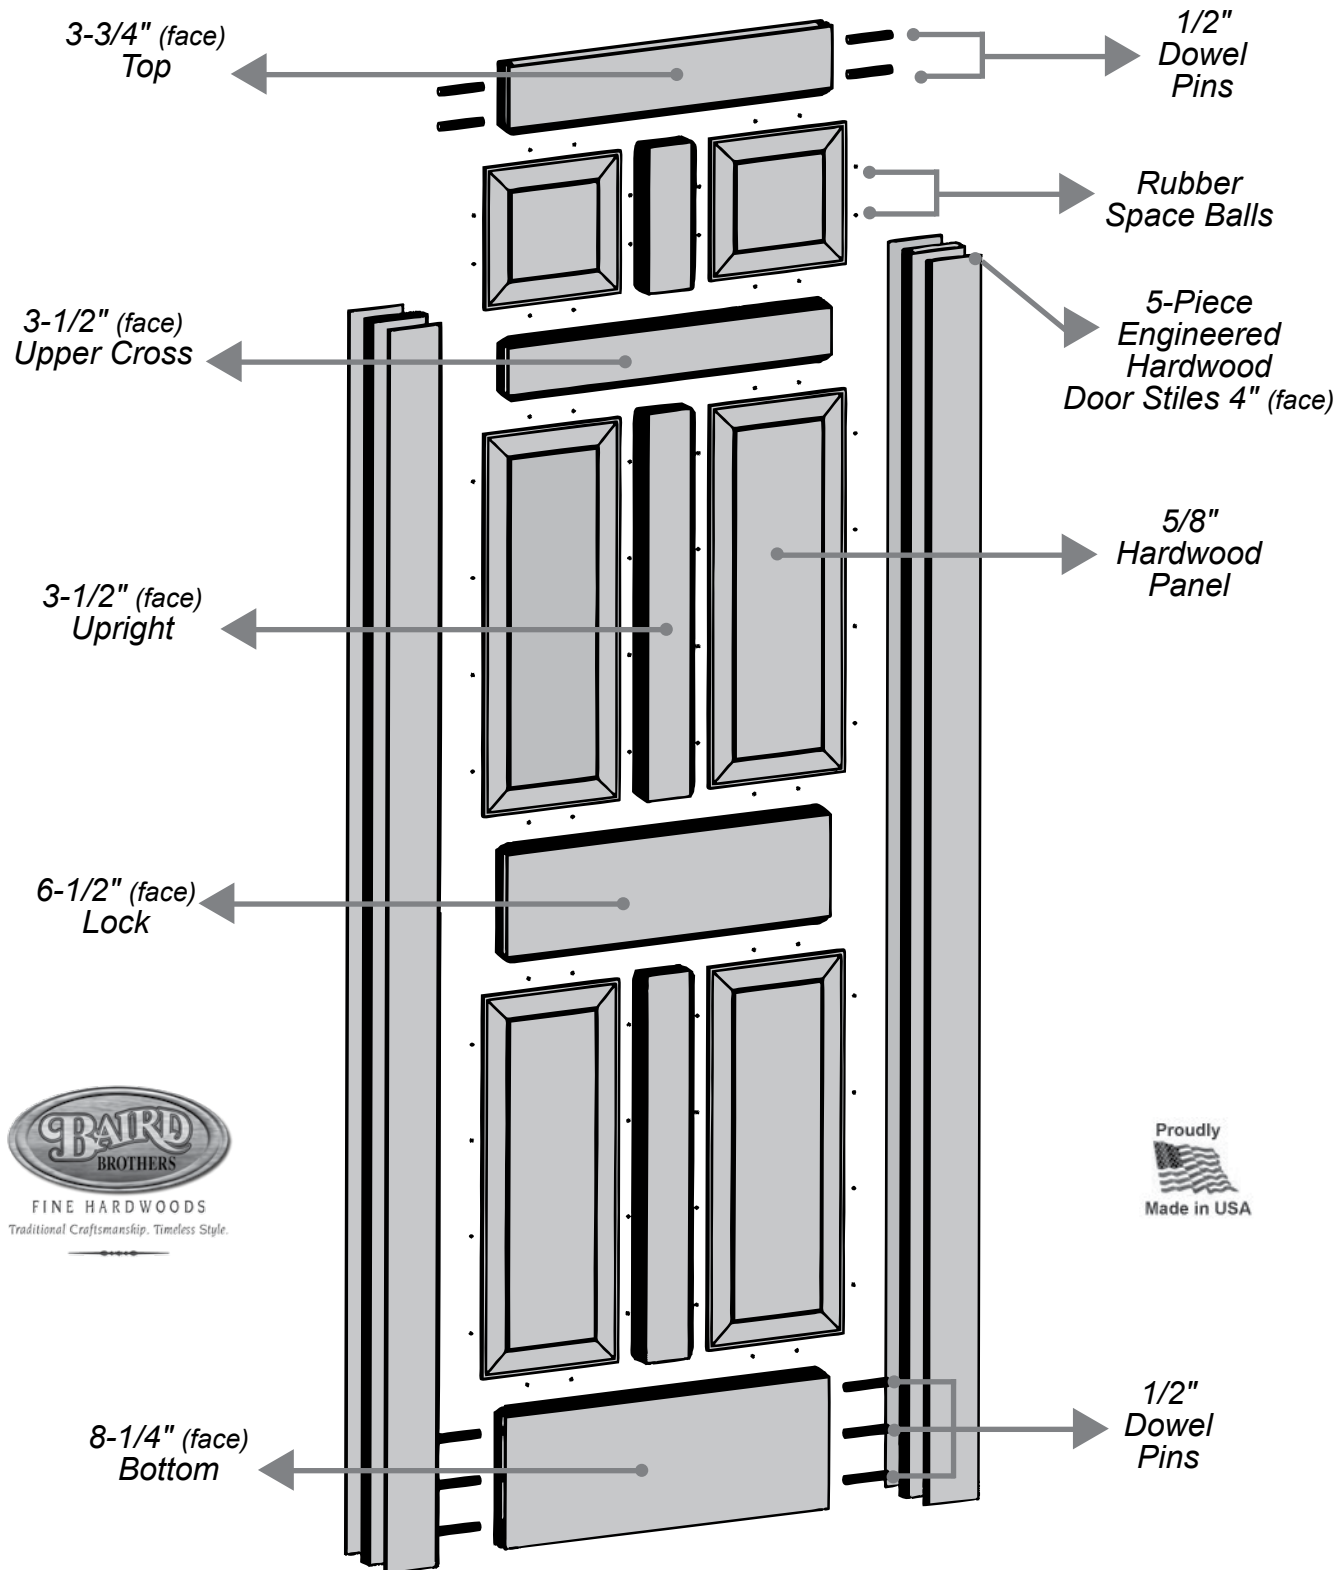

CARE AND FINISHING INSTRUCTIONS FOR INTERIOR DOORS & PRE-HUNG UNITS

1. Doors must be transported in a clean vehicle and under cover in wet weather. **FAILURE TO COMPLY WILL VOID THE MANUFACTURER'S WARRANTY AND THE DOOR CANNOT BE RETURNED FOR CREDIT.**
2. Deliver door(s) to building site after plaster or cement is dry.
3. Handle all doors with clean gloves and equipment.
4. Avoid dragging doors across one another or across other surfaces.
5. Store flat on a level surface in a dry, well-ventilated area; avoid stacking on end. (Door slabs only.)
6. Cover doors to keep clean; allow air circulation.
7. Avoid subjecting doors to abnormal heat, extreme dryness, humid conditions or sudden changes in climate. They should be conditioned to average prevailing relative humidity of the locality prior to hanging.
8. If doors are to be stored on the job site for more than a week; the entire door including the top and bottom edges, must be sealed.
9. Pre-hung doors should be stored standing up, but raised off any concrete floor, cover and seal... same as above.
10. Surface should be clean and dry. All doors are mill-finished and require finish sanding at job site.
11. Clean doors thoroughly after sanding to remove all dust or foreign material. (Small amounts of grease or oil can be wiped clean with mineral spirits.)
12. Make sure all surfaces are sealed and finished, including the top, bottom and side edges of stiles and rails. Incomplete finishing will increase the probability of warpage or twisting.

From all of us at Baird Brothers Sawmill, Inc., thank you for your business.

Interior Hardwood CUSTOM DOORS

AVAILABLE

*B*aird Brothers specializes in producing custom interior hardwood doors to match a historical renovation or for a new elegant home. Available in paint grade, stain grade, or prefinished with wood panels, glass panes, or a combination of both. Your doors can be made from many different species, including but not limited to the following: Poplar, Red or White Oak, Maple, Birch, Cherry, Walnut, Ash, Hickory, Quarter-sawn Red or White Oak, Mahogany, Spanish Cedar, Alder, and Brazilian Cherry. To build the doors you are searching for, we can start from a rough sketch, a photo, or an architectural drawing. Just tell us what you want, and we will make your dreams come to reality. Whether it be one door or a house full, Baird Brothers is your source for custom interior hardwood doors.

Available 1-3/8" & 1-3/4"
in sizes up to 3/0 x 8/0

330-533-3122 • 800-732-1697

INTERIOR REPLACEMENT DOORS

USE YOUR EXISTING JAMBS, HINGES, DOOR STOP AND CASING.

No Mess and Easy To Do!!!

Make all measurements from the top of the door down!

1. Take your existing door and measure from the top of the door to the top of the first hinge location and then from the top of the door to the top of second hinge location and then do the same for the hinge location. (If you have three hinges)

\$20.00 Plus Door Slab Per Door

6/8	7/0	8/0
-----	-----	-----

3-1/2" Hinges

A.	7"	7"	7"
B.	36-1/4"	38-1/4"	33"
C.	65-1/2"	69-1/2"	59"
D.	N/A	N/A	85"

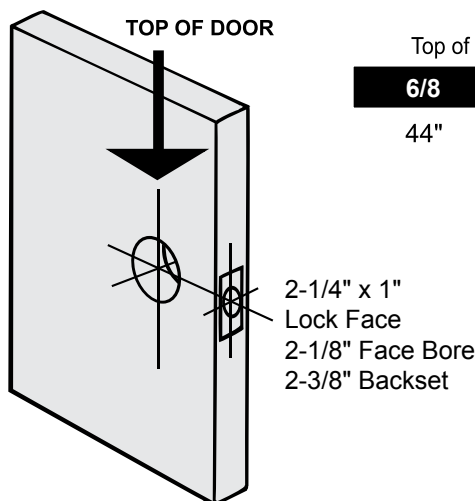

4" Hinges

A.	6-3/4"	6-3/4"	6-3/4"
B.	36"	38"	32-3/4"
C.	65-1/4"	69-1/4"	58-3/4"
D.	N/A	N/A	84-3/4"

2. Measure from the top of the door to the center of the knob hole.

3. Measure the overall height of the door 6/8, 7/0 or 8/0.

Lock Location

Top of Door to Center of Lock Prep

6/8	7/0	8/0
44"	48"	60"

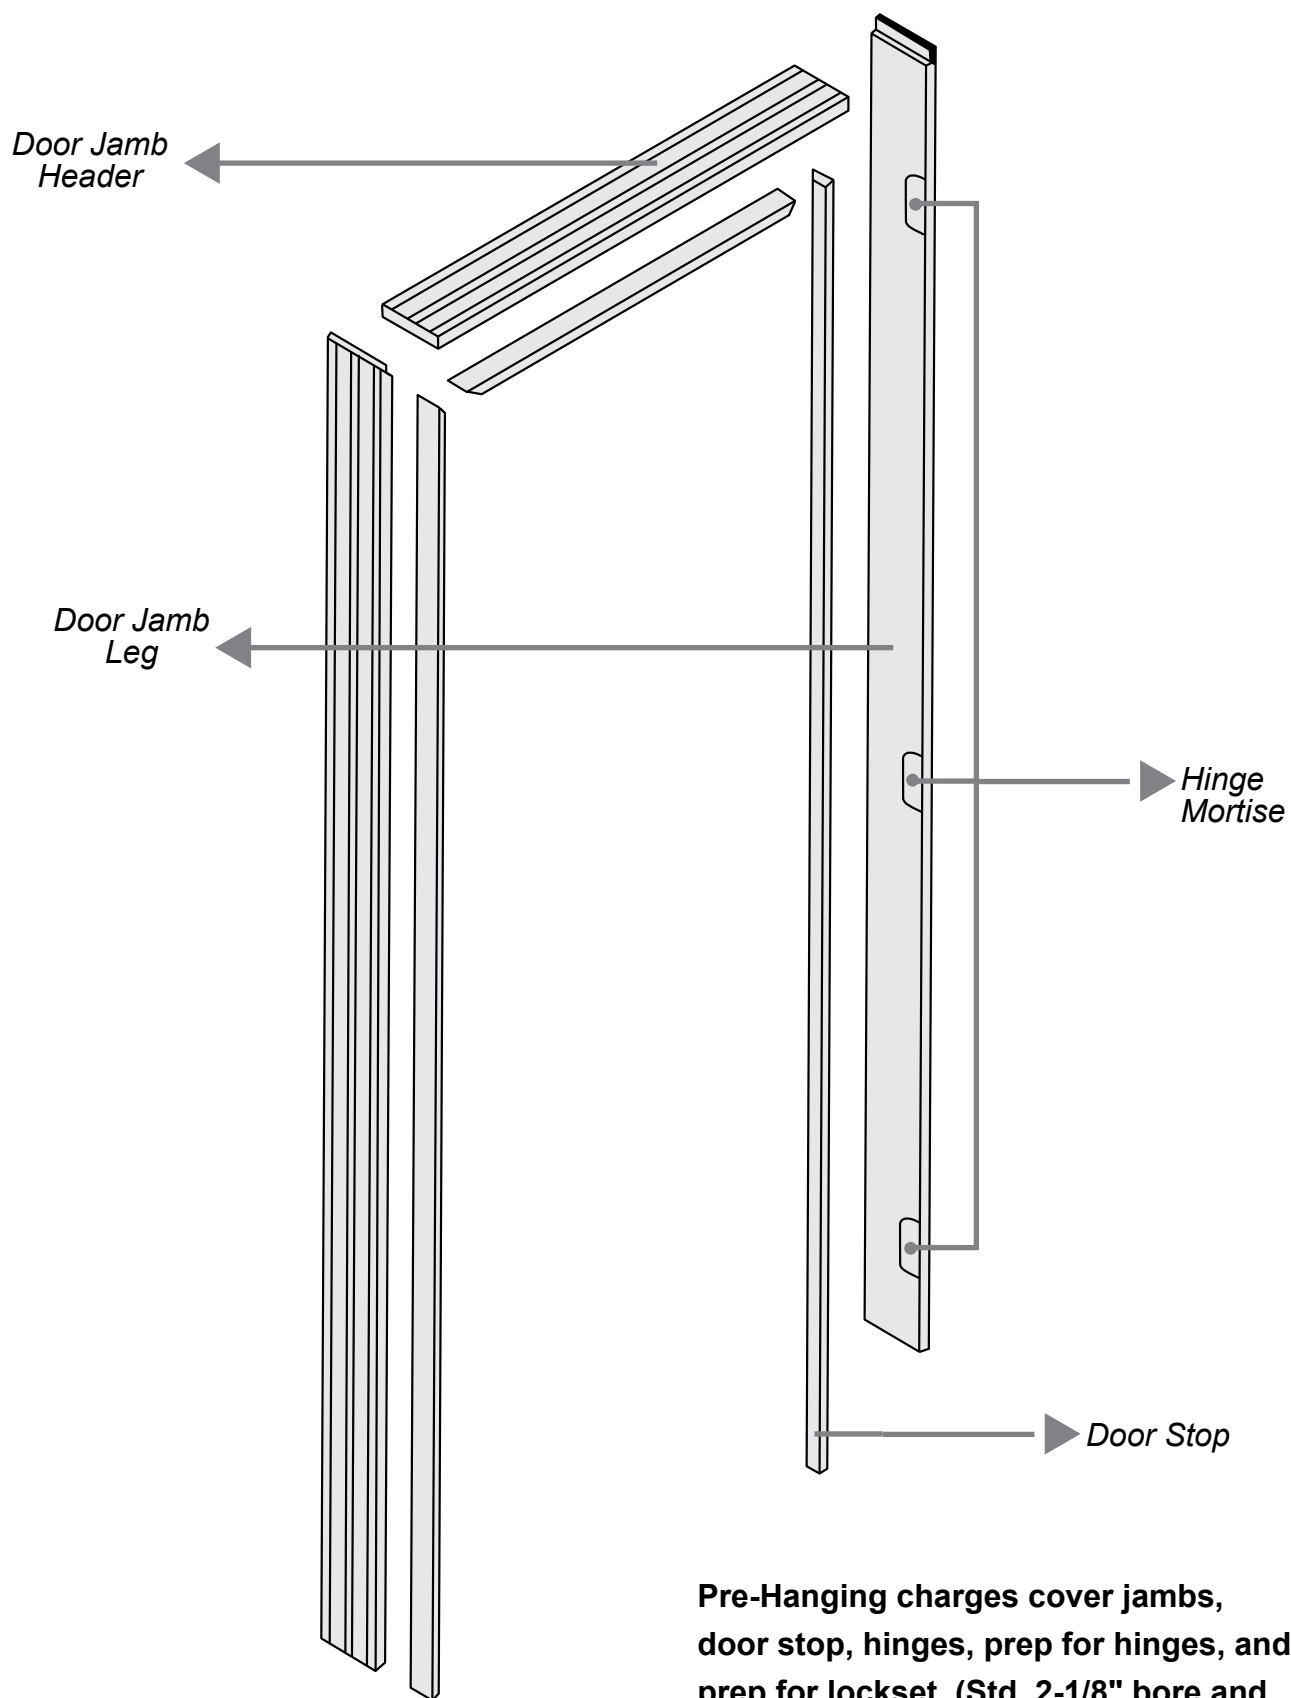

4. Determine your door swing RH/LH. Refer to page 79.

5. Determine the type of hinges you have 3-1/2" or 4" radius or square corner.

6. Choose your new door style.

7. Install your new door.

Add an Additional \$20.00 Per Door to Machine for Square Corner Hinges.

BAIRD BROTHERS**DOOR FRAME ASSEMBLY**

Pre-Hanging charges cover jambs, door stop, hinges, prep for hinges, and prep for lockset. (Std. 2-1/8" bore and 2-3/8" backset)

Hopefully the following information will help you determine which hardwood best meets your lifestyle. Each specie has unique characteristics, the two most determining of which are hardness and visual appeal or color. The following chart will give you a hardness measurement. The Janka (or side) hardness test, measures the force (pounds/square inch) required to embed a .444 inch steel ball to half its diameter in the wood. These figures are a good indicator of how resistant the wood is to denting and wear.

Information obtained from:
Wood Handbook – Wood as an Engineering Material. General
Technical Report 113.
Madison, WI: U.S. Department of Agriculture, Forest Service, Forest
Products Laboratory.
